Name of Long Service Judoka: _____

First year of membership: _____

Evidence of commencement: (please attach) _____

NB: If a judoka first registered with a state judo organisation 10 years ago, then the Judo Australia national database may have captured this registration information.

If involvement predates that point, we will need your assistance with evidence of the date. Evidence may include old registrations books or stickers, historical letters, photos or results.

Please Note: Judo Australia looks to recognise **continuous** membership of one of our state organisations, as some judoka may have taken several years out of Judo to focus on other sports, for career or family reasons, or commenced their Judo overseas. We salute all of those options – but these belts honour continuous service to building Judo in Australia.

Cost: \$40 (includes postage to all Australian locations).
(You will be invoiced once your application is approved.)
